Re: Delta Shipyard Superfund Site, Houma, Terrebonne Parish, Louisiana
SSID No. 06GC

Dear Sir or Madam:

The U.S. Environmental Protection Agency (EPA) seeks cooperation from the Chromalloy American Corporation, a Delaware corporation with a mailing address in Hackensack, New Jersey in providing information and documents relating to the Delta Shipyard Superfund Site (Site). Obtained information will aid the EPA in its investigation of the release or threat of release of certain hazardous substances, pollutants or contaminants at this Site. The response from Chromalloy American Corporation (CAC) will also help the EPA develop a better understanding of activities that occurred at the Site.

This information request is not a determination that CAC is responsible or potentially responsible for contamination that occurred at the Site. The EPA is sending this letter as part of its investigation of the Site and does not expect CAC to pay for or perform any site-related activities at this time. If the EPA determines that CAC is responsible or potentially responsible for response activities at the Site, CAC will receive a separate letter clearly stating such a determination as well as the basis the EPA has for the determination.

The Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) Section 104(e), 42 U.S.C. § 9604(e), gives the EPA the authority to require CAC to respond to this information request (see Enclosure 1). We encourage CAC to give this matter its full attention, and ***we respectfully request CAC respond to this request for information within thirty (30) days of its receipt of this letter.*** You may designate another official of CAC with the requisite authority to respond on behalf of CAC. However, failure to respond to this information request may result in the EPA seeking penalties of up to \$37,500 per day of violation. In addition, furnishing false, fictitious or fraudulent statements or representations is subject to criminal penalty under 18 U.S.C. § 1001.

Please provide a written response to Mr. Robert Werner, Enforcement Officer, at the address included in the Information Request. Please refer to the enclosures below, which include important instructions and definitions, as well as the questions for response, in the preparation of your reply to this Information Request.

If you have any questions regarding this letter, contact Mr. Robert Werner at (214) 665-6724. For legal questions concerning this letter, please have your legal counsel contact Ms. Amy Salinas, Attorney, at (214) 665-8063. Thank you for your attention to this matter.

Sincerely yours,

Ben Banipal, P.E.
Acting Associate Director
Technical and Enforcement Branch (SF-T)

RESPONSE TO INFORMATION REQUEST

Under the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA), commonly known as the federal "Superfund" law, the U.S. Environmental Protection Agency (EPA) responds to the release or threat of release of hazardous substances, pollutants or contaminants into the environment to stop additional contamination and to clean-up or otherwise address any prior contamination.

The EPA is requesting information under CERCLA Section 104(e). Section 104(e) may be found in the United States Code (U.S.C.) at Title 42 Section (section is denoted by the symbol "§") 9604(e) 42 U.S.C. §9604(e).

Pursuant to the authority of CERCLA §104(e), you are hereby requested to respond to the enclosed information request. If you have any questions concerning the Site's history or this information request letter, please contact Mr. Robert Werner, the designated Enforcement Officer for the Site, at phone number (214) 665-6724, fax number (214) 665-6660 or via email at werner.robert@epa.gov. Please mail your response within 30 calendar days of your receipt of this request to the following address:

Mr. Robert Werner, Enforcement Officer
Superfund Enforcement Assessment Section (6SF-TE)
U.S. EPA, Region 6
1445 Ross Avenue

BACKGROUND INFORMATION

The Delta Shipyard Superfund Site (Site) is located in the City of Houma, the County of Terrebonne, and the State of Louisiana. The Site is situated south of Industrial Boulevard approximately one-half mile on the east and west sides of Dean Court. The Site does not have a street address.

For a number of years prior to 1986, the non-incorporated business entity known as Delta Shipyard (DS) operated a boat and barge cleaning and repair facility at the Site. Operations of DS included cleaning and repairing small cargo boats, fishing boats, and oil barges. Before repairs could be started, boats and barges had to be certified vapor free by the U.S. Coast Guard. In order for DS to accomplish this, boats and barges were steam cleaned to remove oily wastes. Recovered oil deemed usable during cleaning activities was collected and eventually sold. Oily waste from the cleaning process was stored in several unlined earthen pits. These pits were used as evaporation ponds. Reportedly, these pits were also used to dispose of oil field drilling material. Currently the EPA is aware of four evaporation pits on the Site

Currently available information indicates that, prior to 1986, DS operated as a non-incorporated business under the control and/or direction of one or more of the following business entities:

Delta Iron Works, Inc., a Louisiana corporation, and/or

Delta Iron Works, Inc., a Delaware corporation, recognized in Louisiana, and/or

Chromalloy American Corporation, a Delaware corporation, recognized in Louisiana, and/or

Chromalloy American Corporation, a Delaware corporation, recognized in Missouri, and/or

Chromalloy American Corporation, a Delaware corporation, and/or

Delta Services Industries, a Louisiana partnership.

INSTRUCTIONS AND DEFINITIONS

INSTRUCTIONS

1. Please provide a separate narrative response for each and every Question and subpart of a Question set forth in this Information Request.
2. Precede each answer with the Question (or subpart) and the number of the Question (and the letter of a subpart of a Question, if applicable) to which it corresponds.
3. If information or documents not known or not available to you as of the date of submission of a response to this Information Request should later become known or available to you, ***you must supplement*** your response to the U.S. Environmental Protection Agency (EPA). Moreover, should you find, at any time, after submission of your response, that any portion of the submitted information is false or misrepresents the truth, or, though correct when made, is no longer true, you must notify the EPA of this fact as soon as possible and provide the EPA with a corrected response.
4. For each document produced in response to this Information Request, indicate on the document, or in some other reasonable manner, the number of the Question (and the letter of a subpart of a Question, if applicable) to which it responds.
5. You may assert a business confidentiality claim covering part or all of the information which you submit in response to this request. Any such claim must be made by placing on (or attaching to) the information, at the time it is submitted to the EPA, a cover sheet or a stamped or typed legend or other suitable form of notice employing language such as "trade secret," "proprietary," or "company confidential." Confidential portions of otherwise non-confidential documents should be clearly identified and may be submitted separately to facilitate identification and handling by the EPA. If you make such a claim, the information covered by that claim will be disclosed by the EPA only to the extent, and by means of the procedures, set forth in subpart B of 40 CFR Part 2. If no such claim accompanies the information when it is received by the EPA, it may be made available to the public by the EPA without further notice to you. The requirements of 40 CFR Part 2 regarding business confidentiality claims were published in the Federal Register on September 1, 1976, and were amended September 8, 1976, and December 18, 1985.
6. Personal Privacy Information. Personnel and medical files, and similar files the disclosure of which to the general public may constitute an invasion of privacy should be segregated from your responses, included on separate sheet(s), and marked as "Personal Privacy Information."

7. Objections to questions. If you have objections to some or all the questions within the Information Request Letter, you are still required to respond to each of the questions.

DEFINITIONS

The following definitions shall apply to the following words as they appear in this enclosure:
